

## Hauts-de-France

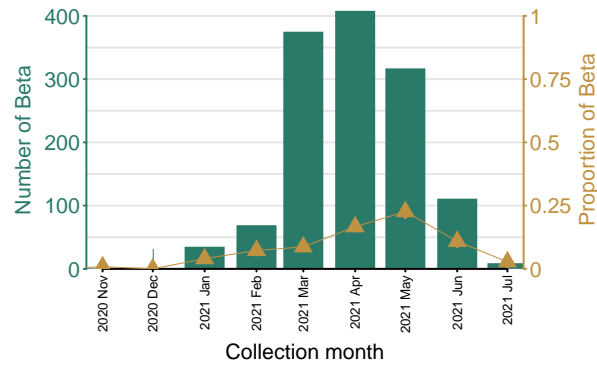

Source: GISAID, 2021-07-24.  
Distribution across regions and months of the 2895 seqs for which month and location data are available (out of the 2974 Beta sequences).  
Beta: B.1.351\*

Attention: Some known data quality issues  
– Collection date is sometimes not the actual collection date but sequencing date;  
– Location is sometimes sequencing lab instead of sampling location.
